1	2	3	4
			X

21. How much were you satisfied with the information and support offered by the teachers before and during the mobility?

1	2	3	4
			X

SUMMARY:

The experience of hosting students was very well considered by the families. All said the students felt really part of the family and accepted well the routine.

There were some problems with lunches which were easily solved with some understanding from both sides.

The smooth atmosphere in which the mobility developed caused a general feeling of happiness and comfort among students.

Most of them left Oradea with sadness and all the students hosted insisted they were really looking forward to repeating the experience.
